

A message from ISW organisers Orange Juice:

We have received funding by means of sponsorship, including from pharmaceutical and medical technology companies, to support the delivery of our campaign. Insulin Safety Week 2026 has been funded by Roche Diagnostics, Sanofi and MiniMed which have had no input into the campaign's arrangements or content.

This programme is organised by Orange Juice Communications, date of preparation April 2026

CDEP has not received funding for its participation and delivers its training independently.

SAFE USE OF DIABETES TECHNOLOGY

SMASHING YOUR INSULIN SAFETY GOALS

Find out more about the latest in diabetes technology - Hybrid Closed Loop (HCL) Therapy.

FREE during **#ISW2026** from **May 11 to 17 2026**

SIGN IN: www.cdep.org.uk
