Cambridge Diabetes Education Programme

WHAT IS CDEP?

Online diabetes training to support health and social care staff improve their diabetes skills, reduce variation in practice, and promote safer patient care.

- **Bite-sized** and conveniently **accessible 24/day** via a **computer, tablet** or **smartphone.**
- **4 levels to tailor training to staff roles:** Core, Intermediate, Diabetes Specialist and Diabetes Expert.
- **92%** of staff report **improved diabetes knowledge, confidence** and **guideline familiarity** after topic completion.
- Each completed topic generates a **certificate** and **reflection form** for revalidation and appraisals.
- Explore the full list of CDEP topics and their levels

THERE ARE TWO WAYS TO ACCESS CDEP:

1) Via CDEP's Website:

- Staff can access CDEP training by creating an account at www.cdep.org.uk
- Staff can do any CDEP topics but are encouraged to do topics essential to their role first.
- Real-time training outcome data is provided via CDEP's reporting dashboard.

2) Via your LMS or ESR:

- Upload your chosen CDEP topics to your LMS or ESR using our SCORM packages.
- Staff can access topics directly from the LMS or ESR account, no separate sign-in needed.
- Training compliance monitoring is automatically captured via the LMS or ESR.
- Real-time training outcome data is provided via CDEP's reporting dashboard.

WHAT DOES CDEP COST?

1) Accessing CDEP via the Website:

CDEP offers the following payment options (per individual):

- **£26.25** for cost-effective access to all CDEP's topics for 12 months
- **£5.25** for affordable access to a single topic for 12 months

CDEP also offers discounts for bulk licences for access to all CDEP's topics:

No. of Individuals	Discount	Total Cost per Registration
01 – 24	0%	£26.25
25 – 74	5%	£24.95
75 – 199	10%	£23.65
200 – 499	15%	£22.30
500 - 999	40%	£15.75
1000+	60%	£10.50

BEST VALUE!

CDEP pricing is reviewed annually and is subject to an increase at the beginning of April each year.

A bulk licence purchase includes the following:

- Each licence can be used to create a new CDEP account on CDEP's website valid for 12 months or extend an existing account for a further 12 months.
- Staff can create their own CDEP account using a unique registration key code.
- Staff will need to apply to extend their expired accounts.
- Should staff not engage with training, despite regular prompts, their licence will be removed from their CDEP account. This licence can be re-used by another staff member to prevent wastage.
- All bulk licences need to be utilised within 2 years of the purchase date.
- A fee for LMS integration may be applicable, depending on your CDEP bulk licence purchase, should you wish to access CDEP via this route as well.
- Read this implementation flyer for more tips and resources on how to successfully roll out CDEP at your organisation.
- Read this case study to see how an organisation used CDEP to support the Tirzepatide roll out.

2) Accessing CDEP via LMS or ESR:

CDEP offers cost-effective SCORM packages that you can tailor to your needs:

CDEP Topics	Annual Cost	Number of Staff
1	£525	Unlimited
4	£1,050	Unlimited
10	£2,100	Unlimited
Full Package	£5,250	Unlimited for current and future topics*

BEST VALUE!

*The full package is the most cost-effective and future-proofs staff training!

CDEP pricing is reviewed annually and is subject to an increase at the beginning of April each year.

A SCORM package purchase includes the following:

- The ability to choose any combination of topics CDEP offers to tailor the training package to your organisation's needs.
- All training content will be routinely updated and maintained centrally by CDEP.
- Email support (for diabetes leads and LMS managers) and online chat support (for CDEP users) is available for troubleshooting.
- The SCORM packages will be provided on payment and remain active for 12 months from an agreed date.
- Read these case studies on organisations that have achieved increased diabetes training uptake after embedding CDEP topics in their LMS or ESR:
  1. Bridgewater Community Healthcare NHS Foundation Trust
  2. Hull University Teaching Hospital NHS Trust
  3. Humber Teaching NHS Foundation Trust
