

What is CDEP?

CDEP is a **competency-based online diabetes learning platform** that supports *all levels* of healthcare practitioners (from unregistered to registered, non-diabetes specialist to diabetes specialist) and demonstrates their diabetes knowledge and skills relevant to their role, as per the nationally agreed diabetes competency frameworks.

A variety of diabetes topics are available, which currently amounts to over **30 hours of diabetes study time**. New content is developed on an on-going basis and is launched once it has been rigorously tested.

CDEP also supports **professional revalidation** by displaying study time accrued on the certificates, providing opportunity for **reflection** as well as offering a secure portal to collect **practice-based feedback**.

How can CDEP help organisations with diabetes staff training?

CDEP currently supports many CCGs and Trusts deliver staff diabetes training to meet the outcomes identified as part of their diabetes transformation plans, including:

- ✓ *promoting the achievement treatment targets*
- ✓ *improving the uptake of structured education*
- ✓ *supporting multi-disciplinary foot care teams, and*
- ✓ *inpatient DSN services*

by providing easily accessible, high-quality, online diabetes education to promote optimal diabetes management and patient safety.

What are CDEP outcomes?

CDEP is designed to be done in 'bite-sized chunks.' Your staff can dip into the training whenever they have a spare moment. CDEP allows them to attempt one competency at a time within a topic. One competency can take as little as minute to do! Once a competency is finished, it will automatically be saved, so no work will ever be lost.

CDEP topics are free standing, so a **CPD certificate and reflection document is generated on the completion of each topic.**

CDEP's mobile responsive website means that staff can access CDEP from their desktop, smartphone or tablet **at any time convenient to them**, as long as they have wifi or internet access.

Once a topic is successfully completed, a topic certificate and reflection sheet is automatically generated with the CPD time allocated to that topic. Staff also accrue **CDEP rewards** for topics they complete. These rewards are either free resources or discounts on purchasing resources or other training that support good quality diabetes care.

99.9% of CDEP users undertaking a topic either confirm (14%) or improve (86%) their diabetes knowledge.

What does CDEP cost?

A small registration fee of £25 is charged for an individual to have **full access** to CDEP for **12 months**.

CDEP also offers *significant discounts* to organisations who wish to purchase *bulk licences* to allow their staff free access at the point of registration.

No. of Individuals	Discount	Total Cost per Registration
01-24	0%	£25
25-74	5%	£23.75
75-199	10%	£22.50
200-499	15%	£21.25
500-999	40%	£15.00
1000+	60%	£10.00

VALUE**

What is included in a bulk license purchase?

- Each license can be used to create a single CDEP account which is valid for 12 months from the date of registration.
- Staff are able to create their own CDEP accounts using a special registration key code to obtain free access to CDEP at the point of registration.
- All bulk licenses should be utilised within 2 years from the purchase date.
- CDEP will work closely with commissioners to support appropriate utilisation of the licenses.
- All new features and content developed will be added to all CDEP accounts free of charge.
- Access to the [CDEP Reporting Dashboard](#) in order to monitor uptake and outcomes within your CDEP staffing cohort.
- Video conferences to raise awareness of CDEP amongst key staff members can be offered as part of the roll-out of CDEP.
- Provision of material (CDEP flyers with the relevant registration information and FAQs, generic slide decks, etc) for the purchaser to utilise to support uptake.
- CDEP will send out newsletters to all CDEP account holders and CDEP commissioners, at appropriate intervals, making them aware of new features and content to promote ongoing engagement with CDEP.
- If a CDEP license has been used to create an account, but at 6 months no learning activity has occurred, despite regular gentle nudging by CDEP, the account will be archived and the license returned for re-use.
- [CDEP email support](#) is available as/when required.
